| A beer (½ litre) in the academy bar | 25 | 14 |

Besides you must pay a deposit for your dorm room (= 3 months' rent) when accepting the offer and if the room is not furnished, you will have to buy some furniture and kitchen utensils. You can buy this second-hand, from other students or find quite cheap things in e.g. IKEA.

We recommend that you buy a laptop before starting your studies but it's not a requirement. The academy has stationary computers for your disposal.
